Town of Bellmont  
Attn: Supervisor Russell  
9 Hill Road  
PO Box 35  
Brainardsville, NY 12915

Dear Supervisor Russell,

We are requesting a 2% increase (\$1,224) for our Fire Protection and EMS contract with the Town of Bellmont for the 2016 calendar year.

Our current (2015) contract amount is \$61,200. The 2% increase request for calendar year 2016 represents a \$1,224 increase in the existing contract, which will bring the total contract amount to \$62,424 for the 2016 calendar year.

Our 2% contract increase rate reflects projected increased operating costs for the 2016 calendar year based on higher oil / fuel prices, higher insurance rates and higher emergency equipment repair/replacement costs.

Please feel free to contact us with any questions about our budget increase request. We have developed a budget for the 2016 calendar year at this point and can share our current year (2015) or next year's budget with the Town of Bellmont as needed.

Thank you in advance for your ongoing support.

Sincerely,

A handwritten signature in black ink that reads "Peter D. Tebeau".

President / Vice President
